FROM YOUR MAΘ STUDENT DELEGATE VICE-PRESIDENT

"I have been a member of MAΘ since 2015, which was also the year I attended my first convention in Salt Lake City, Utah. I attended that convention as a Theta. MAΘ has shown me that there are many other people like me who share a passion for math, and that it is OK to be a 'math nerd'. I used to try to hide my interest in math because it wasn't the 'cool' thing to like, but after seeing how many people also chose to express their interest in math at MAΘ, I didn't feel ashamed anymore, so I thank each of you for that."
