March 2018

PI DAY

Chapter grants are available for Pi Day activities! Last year, New Mexico Junior College won our prestigious Rubin Award because of their extravagant community Pi Day celebration (pictured below). **CONTEST:** Submit pictures and a story (250 words or less) about how your chapter celebrated. The winning chapter will receive a MAΘ goodie bag! We're looking for the most unique, educational, and fun celebrations. Submissions are due by 5pm CT March 28 and the winning chapter will be featured in our April newsletter. Happy 3/14!

TOP 10 REASONS TO ATTEND THE MAΘ NATIONAL CONVENTION

As submitted by your student delegate officers:

10. You get to travel with your friends.
9. National convention is a small taste of independence from your parents.
8. You get to compete for yourself, your school, and your state.
7. You can listen to interesting talks given by professors and subject experts on a range of topics.
6. Mu Alpha Theta nationals is a rare opportunity to make friends from different states that you might have never thought you'd have friends from! Connections really do count.
5. The final awards ceremony is a real spectacle. Everyone is dressed to the nines and you all celebrate nationals for the final time as a group. Plus, everyone gets to take a ton of fun photos looking real nice with all their friends!
4. There are social events, such as the Opening Mixer, College Night, and the excursion, which make for a ton of guaranteed fun.
3. With hundreds of trophies awarded, everyone has a chance to come home with hardware for their hard work!
2. There is a massive variety of topics to compete in, from Calculus and Algebra 2 to more unique topics like Codes and Ciphers, in-person Interschool, and the elusive Mystery Test. You can delve into more advanced topics to help you in the classroom!
1. The Mu Alpha Theta National Convention is the best way to make the most out of your membership in this incredible organization. Nowhere else will you find a group of people from across the country this big in one place who love math and can't wait to have the time of their lives for one week with others like you!

Convention registrations are due by May 1, 2018.
