A MESSAGE FROM OUR NATIONAL PRESIDENT

Fall is here! Where does the year go? I hope you are enjoying a year of new experiences and challenges. I hope you take advantage of all the opportunities that Mu Alpha Theta offers.

What opportunities you ask? To answer the question, in addition to your local activities, there are free competitions that do not require you to travel--the Log 1 Contest, the RCML, and the Mathematical Minutes Video Contest. There are grants that will help support your activities: chapter and competition. However, your chapter needs to plan, which sometimes takes more time than we anticipate. The really good news is the speedy feedback you will get from the National Office. There are also grants for your summer study. You can find more details at mualphatheta.org.

Time is flying, and it is not too early to consider going to next year's convention in Colorado Springs. Mr. Taylor has promised great weather and beautiful scenery in addition to the reason we are all there: to make new friends and showcase our mathematical ability and other skills. I'm sure it will be a trip that you will long remember fondly.

Kathy Mowers
